

Everyday Speech Alignment To Positive Behavior Interventions and Support (PBIS)

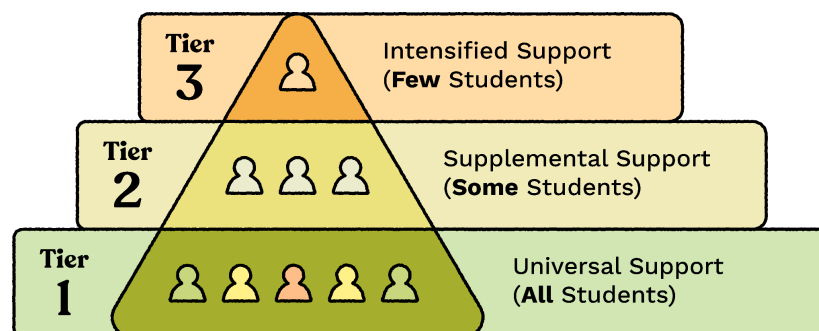

Positive Behavior Interventions and Support (PBIS) is a proactive, schoolwide framework aimed at creating safe, positive, and inclusive learning environments for all students. It emphasizes teaching and reinforcing expected behaviors, providing universal supports for every student while recognizing that some may require additional or more intensive interventions to succeed. When implemented effectively, PBIS promotes positive student behavior through teaching practices that foster consistency, predictability, and strong relationships.

Everyday Speech aligns closely with the goals of PBIS through its structured, research-backed digital curriculum that supports whole-child development. Featuring ready-to-use video modeling lessons, interactive games, and targeted practice activities, Everyday Speech equips Pre-K to 12 educators with practical tools to strengthen students' social, behavioral, and communication skills - reinforcing positive behavior and meeting the diverse needs of all learners.

Everyday Speech: Aligned Schoolwide Support for Pre-K to 12 Learners

The Everyday Speech curriculum supports the core elements of PBIS's three-tiered framework:

- *Tier 1* includes universal supports for all students, such as proactive behavior management, learning about social and behavioral skills, and high-quality academic instruction. These practices create a positive school climate and foster strong relationships across the school community.
- *Tier 2* provides targeted interventions for students who need additional support. These are typically delivered in small groups and may include supplemental academic instruction or standardized behavioral and mental health strategies to address emerging challenges.
- *Tier 3* consists of individualized, intensive interventions for students whose needs are not fully met through Tier 2 supports. These one-on-one supports are often connected to a student's Individualized Education Program (IEP) and delivered outside of the general classroom setting.

Everyday Speech Alignment To Positive Behavior Interventions and Support (PBIS)

By integrating seamlessly into this multi-tiered approach, Everyday Speech strengthens the implementation of PBIS and helps schools foster inclusive, skill-building environments where all students can thrive.

Level of the Continuum	Everyday Speech Alignment
Tier 1 Universal Support: All Students	<ul style="list-style-type: none">● A week-by-week, ready-to-use curriculum designed for whole-class instruction, focused on prevention and creating inclusive, engaging learning environments.● Our curriculum is designed to accelerate the acquisition and generalization of social skills from Pre-K to 12th grade, integrating social, behavior, emotional, and mental health skills throughout.● Includes ready-to-use lessons that utilize video modeling and interactive games to deliver a developmentally appropriate, comprehensive Tier 1 solution that focuses on skills such as resiliency, friendship, situational awareness, academic readiness, and more.● Pre- and post-assessments measure student growth, with observational checklists for young learners and multiple-choice assessments for older students - offering valuable, data-driven insights into student learning and growth.
Tier 2 Supplemental Support: Some Students	<p>Our resources for supplemental, small-group support are designed to bridge learning gaps, build self-regulation, and address social and behavioral challenges. Key features include:</p> <ul style="list-style-type: none">● Tier 2 resources that build upon universal classroom strategies but do not replace core instruction.● Comprehensive skill coverage: Our Tier 2 resources address a wide range of targeted skill areas, including the following:● Flexible small-group lessons and activities that can be tailored to student needs and adjusted based on progress.● Built-in progress monitoring tools to track real-time student growth and guide data-driven instruction.● Digital planning resources for streamlining small-group intervention planning and delivery.● Strengths-based and neurodiversity-affirming materials that promote positive identity development and support diverse learners with dignity and respect.
Intensified Support: Few Students	<p>Our Tier 3 resources provide individualized support for students who require more intensive intervention. Key features include:</p> <ul style="list-style-type: none">● Aligned skill domains across Tiers 2 and 3, ensuring continuity and consistency in support.● Flexible 1:1 intervention planning tools that support personalized session design and delivery.● Built-in progress monitoring to inform data-driven decisions and tailor interventions to each student's unique needs.● IEP-aligned lesson units and a goal bank to help educators develop targeted objectives and select materials that meet individualized learning plans.
