

Reading Facial Expressions Practice Cards

Student Directions

In order to tell how someone feels, we can remember to look at the **Big Three- eyes, eyebrows, and mouth**. These parts of the face show emotions the most. Draw each emotion and explain what a person's eyebrows, eyes, and mouth look like when they feel that way. Then act out the facial expressions to show the emotion on your face.

Practice Cards - Cut & Use

Surprised	Scared	Angry
Annoyed	Frustrated	Happy
Worried	Bored	Sad
