

Everyday Speech: Social Skills Made Easy

Everyday Speech is a PK-12 **social skills curriculum** that offers evidence-based video modeling lessons, games, and worksheets that make teaching social, behavioral, and communication skills easy and effective.

A no-prep social skills curriculum that lightens the load on your staff

Everyday Speech has thousands of high-quality materials, structured into a clear scope and sequence.

- Introduce skills with evidence-based **video modeling lessons**

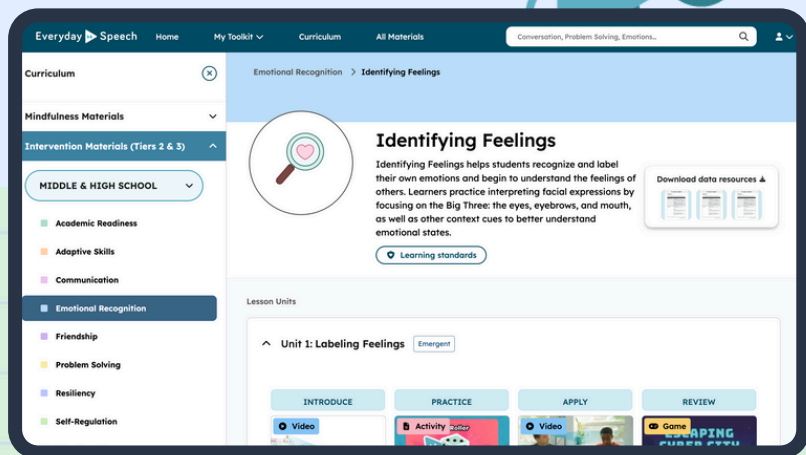

- Practice, apply, and review** with interactive games, activities, and worksheets

- Track progress and plan sessions** with built in tools

Meet the rising need for social and behavioral support

Student support specialists are managing heavier caseloads, while teachers are navigating more frequent behavioral challenges. Everyday Speech eases these burdens with MTSS-aligned materials across a wide variety of skills including:

- Emotional Recognition
- Self-Regulation
- Conversation & Communication
- Resilience & Problem-Solving
- Perspective-Taking & Self-Awareness
- Academic Readiness

41%

of users said that Everyday Speech eliminated their prep time altogether

71%

reduction in prep time for educators

Effective social skills lessons that help you achieve your goals

“

I don't have to lesson plan. It has the scope and sequence, so I can just pop in and move through it with my students.

It's so easy to use. I do social skills at a minimum of four times a day and [Everyday Speech] has cut my planning time into a small, tiny fraction. I love it.

The games are so fun, kids are loving it. They have fun without even knowing they're learning.

Morgan Kennealy

Special Education Teacher, River Falls School District

“

Within two months, there was already an improved atmosphere in the classroom.

They started using “Think It vs. Say It.” It was awesome to see the progress.

Carlye Glonchak

Speech-Language Pathologist,
Norwalk-La Mirada USD

Our curriculum drives meaningful outcomes across the school and district.

Social Skills

Stronger communication and relationships

Emotional Well-Being

Reduced anxiety and stronger regulation

Academic Performance

Higher grades and test scores

Reduces Negative Behaviors

Attitudes & Behaviors

Fewer disruptions, higher engagement

School Climate

A more positive, supportive environment

Support learners of diverse abilities with one comprehensive, MTSS-aligned curriculum

Everyday Speech supports every tier and every student, whether it's one-on-one interventions, small groups, or whole-class lessons.

1:1 Interventions

Use our IEP Goal Bank to align lessons to IEP goals, and track progress with built-in tools.

Small Group Support

Access flexible, skill- and goal-based lessons for targeted peer learning.

Whole-Class Lessons

Just press play on ready-to-use daily or weekly lessons.

The perfect complement to your existing programs

We're not here to push hot-button issues.

We don't stir up debates on controversial topics. Our focus is **helping children build skills they need to thrive.**

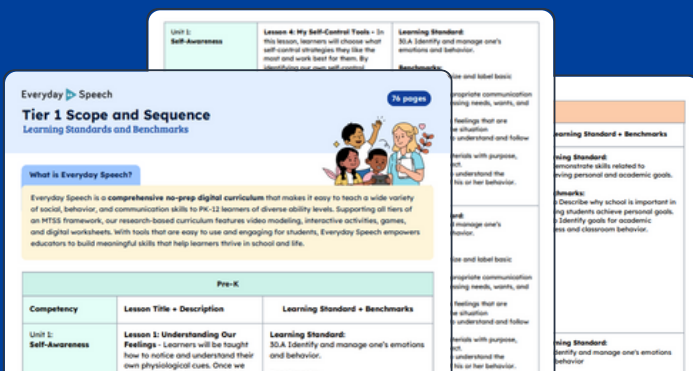

We don't replace educators.

We complement teachers, parents, and therapists. All our lessons are meant to be educator-led and save educators time so they can **spend more time with students.**

We don't create extra work.

We offer **no-prep lessons** to empower educators and save them time. It's as easy as pressing play on a video lesson to help students build skills.

For more details on topics covered in our lessons, view our PreK-12 [Scope and Sequence](#) or visit our website at
