

# Winter Activity: Turn and Talk Snow Globes

3 Pages

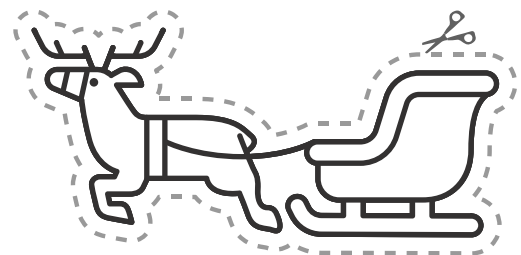

## Activity

For this activity, learners have the opportunity to put together their very own winter-wonderland snow globe. Once they've created their snow globes, encourage learners to turn and talk with a classmate to finish the statement "If I lived in a snow globe..." to find out everyone's unique and winter-themed answers!

INSTRUCTIONS:

- 1) Color and decorate your favorite winter-themed items for your snow globe.
- 2) Cut out your snow globe and the other pieces.
- 3) Glue or tape your snow globe items inside your snow globe.
- 4) Finish the sentence, "If I lived in a snowglobe..." by writing in your answer.
- 5) Glue or tape the bottom of your snow globe together so it stands up.
- 6) Turn and talk with a classmate to share your snow globe.
